### Short Courses | Register now! | FAQ

Find Course Learning Objectives on Pages 2-3 | Register at [asanewsletter.org/events](https://asanewsletter.org/events)

All opportunities are **FREE**. Course registration closes 1 week before it starts. Limit of 30 participants per course. Short courses are facilitated by colleagues from around Minnesota State and provide participants an opportunity for immediate application to courses and teaching. Suggested time commitment is 4-6 hours per week. [Short & Long Course FAQ](#).

#### Dates

#### Course Title

8/24 - 9/13

Designing Your Course for Student Learning

8/24 - 9/13

Aligning Instructional Strategies with Kaltura MediaSpace

8/24 - 9/6

Improving Your Online Course via Quality Matters

8/31 - 9/20

Improving Instructor-to-Student Interaction

9/8 - 9/27

Aligning Instructional Strategies with Zoom

9/14 - 10/4

Skills to Facilitate Your Course

9/21 - 10/4

Applying the QM Rubric

9/21 - 10/11

Humanizing Your Online Course

9/28 - 10/18

Aligning Instructional Strategies with Kaltura MediaSpace

10/5 - 10/25

Designing Your Course for Student Learning

#### Dates

#### Course Title

10/12 - 11/1

Creating Accessible Course Documents

10/12 - 10/25

Applying Templates in D2L Brightspace

10/12 - 11/1

Improving Online Assessments

10/19 - 11/8

Aligning Instructional Strategies with Zoom

10/19 - 11/8

Culturally Responsive Pedagogy

10/26 - 11/15

Improving Your Online Course via Quality Matters

11/2 - 11/22

Assessment of Student Learning

11/2 - 11/22

Improving Student-to-Content Interaction

11/9 - 11/22

Applying the QM Rubric

# Fall 2020 Faculty Development Opportunities

## Learning Objectives

After completing the course(s) participants will be able to:

### Cultural Responsive Pedagogy | Learning Community

- Explain to others the central tenets of Culturally Responsive Pedagogy
- Incorporate those central tenets into course outcomes, materials, assessments, activities, syllabi, and relationships
- Identify interconnections between implicit bias, microaggressions, trauma, structural racism, stereotype threat, & course success
- Use our increased skills at CRP to share with, support, and encourage other faculty learners to increase everyone's CRP skills
- Trace how our values have changed and/or deepened through engaging in course
- Create a professional development plan for making next steps on the journey of culturally responsive teaching

### Foundations of Teaching Online | Long Course

- Construct a course schedule, template, or outline that includes at least one learning objective for each module
- Create an alignment map with your learning objective(s), assessment tool, and learning activities
- Develop one assessment tool that will measure or evaluate your intended learning outcome(s)
- Develop plans for your course that includes one instructional strategy for each of three elements of the community of inquiry framework
- Identify elements that improve the accessibility of course materials including documents, webpages, and media

## Short Courses

### Aligning Instructional Strategies with Kaltura MediaSpace

- Identify and align at least one instructional strategy with one of the tools (including recording lectures, playlists, video quizzing, etc.) within Kaltura Mediaspace as part of your course
- Select and implement one of the tools within Kaltura Mediaspace as part of your instructional strategies in your course

### Aligning Instructional Strategies with Zoom

- Identify and align at least one instructional strategy with one of the tools (including breakout rooms, recording lectures, polls, and chat) within Zoom as part of your course
- Select and implement one of the tools within Zoom as part of your instructional strategies in your course

### Applying the D2L Course & Page Template

- Recognize/Identify a template
- Explain the benefits of using a template
- Modify multiple elements within a template

### Applying the Quality Matters Rubric

- Recognize the foundational concepts of Quality Matters
- Identify the critical elements of the QM quality assurance program, including the QM Rubric, materials, processes, and administrative components
- Apply the QM Rubric to review online courses
- Make decisions on whether the demo course meets selected QM Rubric Standards
- Apply the concept of alignment
- Draft helpful recommendations for course improvement by citing annotations from the QM Rubric and evidence from the course

### Assessment of Student Learning

- Identify, classify, and align an assessment tool to measure and evaluate student learning for a given learning objective
- Create an assessment aligned to measure student learning for a learning objective that you have prepared
- Critically analyze these assessments and make suggestions to improve validity and reliability, as well as to reduce bias
- Define and classify effective elements of feedback
- Apply the wise feedback method to provide effective feedback on a student work sample
- Use the tools provided within D2L Brightspace to construct the assessments that you prepared in this course

### Creating Accessible Course Documents

- Describe the importance of having accessible course materials
- Identify the degree of accessibility of current materials and technologies
- Create or revise course documents to be accessible
- Create or revise HTML course pages to be accessible

### Culturally Responsive Pedagogy (CRP)

- Explain to others the central tenets of Culturally Responsive Pedagogy
- Gain ideas for how to incorporate those central tenets into course outcomes, materials, assessments, activities, syllabi, and relationships
- Identify interconnections between microaggressions, structural racism, stereotype threat, and course success
- Use our increased knowledge of CRP to share with, support, and encourage other faculty learners to increase everyone's skills at CRP
- Trace how our values have changed and/or deepened through engaging in course, and
- Create a professional development plan for making next steps on the journey of culturally responsive teaching

### Designing Your Course for Student Learning

- Apply Bloom's Revised Taxonomy to course module objectives
- Select assessment tools, learning materials, and learning activities, that align with the course and module objectives
- Explore various teaching and learning tools that align with a course design
- Implement a course map for one module using D2L Brightspace

### Humanizing Your Online Course

- Define "humanizing" as it relates to online teaching and learning and explain why it's important
- Discuss research findings that connect humanizing facilitation and course design strategies with online student success
- Review the literature on the impact of humanizing strategies specific to your own discipline/course and contribute your findings to a shared knowledge base
- Evaluate three tools and techniques, including one that's new to you, for implementing evidence-based humanizing strategies
- Develop a fully articulated implementation plan for introducing or enhancing two to three evidence-based humanizing strategies in your online courses that best fit your teaching style

### Improving Instructor-to-Student Interaction

- Identify and apply communication tools within D2L Brightspace (including the following tools Classlist, Announcements, Intelligent Agents, and Discussions) to facilitate instructor-to-student interactions in your own course
- Select and implement one of the D2L Brightspace tools in your course

### Improving Online Assessments

- Apply principles of effective assessments to developing test questions
- Implement strategies to improve test security
- Utilize different methods of feedback on assessments

### Improving Your Online Course

- Explore the QM Rubric and provide a framework to improve the quality of online courses
- Use the QM Rubric to review their own online courses and develop a course improvement plan

### Improving Student-to-Content Interaction

- Use D2L Brightspace tools (e.g. Content, HTML Editor, and Release Conditions) efficiently in order to apply effective course design for student learning
- Apply D2L Brightspace tools to organize a logical path for students to take within your course. Select and implement one of the D2L Brightspace tools in your course

### Skills to Facilitate Your Course

- Identify and apply communication tools within D2L Brightspace (including the following tools Classlist, Announcements, Intelligent Agents, and Discussions) to facilitate instructor-to-student interactions in your own course
- Select and implement one of the D2L Brightspace tools in your course
