

Librarian Workdays 2021

Academic librarians are critical partners in efforts to provide open educational resources (OER) for both students and faculty.

Educational Innovations is happy to announce two virtual opportunities for librarians and library staff from across Minnesota State campuses to come together for a day to network with colleagues, learn more about OER efforts across the system, and identify how librarians can be leaders and partners.

Day One: Ignite Affordable Education

October 1, 2021 | 9:00 a.m. - 12:00 p.m.

- Develop an OER toolkit that works for you and your campus
- Participate in hands-on activities
- Listen to content experts
- Walk away with the tools needed to better understand and support faculty on their OER journey, including a framework for finding open resources and how to manage and modify them

Audience: Librarians and library staff

Day Two: Affordable Education Explosion

October 15, 2021 | 9:00 a.m. - 12:00 p.m.

View OER exhibits where librarians will showcase their OER projects, resources, and textbooks that have been developed, saving students money and allowing faculty to have more academic freedom.

Learn about the partnerships that have been developed among faculty, bookstores, and librarians.

Audience: Librarians and library staff. We encourage participants to also invite faculty colleagues and administrators to day 2 to learn more and to help build a campus community around OER.
