

Connecting the Classroom to Minnesota State Guided Learning Pathways

Faculty and staff are critical to the implementation and success of [Minnesota State Guided Learning Pathways](#) (GLP), specifically Curricular and Program Design and Delivery. Minnesota State GLP focuses on the holistic student experience including in the class experiences, interactions with faculty, and understanding how individual courses fit into programs and recommended sequencing.

The Minnesota State Educational Development Committee has identified a series of development opportunities to learn the what, why, and how of the Minnesota State GLP framework:
